

ANIL DIGGIKAR, IAS
Chairman, JNPT

Chairman's Message

First of all, I congratulate each one of our team members for achieving the highest-ever container traffic of 4.49 Million TEUs in the FY 2015-16. Beside this, in the month of February and March, two large size vessels were accommodated by surpassing last year's record & highest quantity of Crude Oil (70,161.536 MT) was loaded on a vessel in the respective months. It was also a great honor to host MSC Francesca, the largest ship to anchor till date at JNPort with the capacity of more than 11,000 TEUs.

Furthermore, it was a great opportunity for us to successfully conduct seminar on "Policy & Business Development" at JNPT-APEC Port Training Centre, for Port professionals across India. This seminar has helped in opening up of new avenues for development of Shipping Industry. In a move to welcome enhanced trade, JNPT has removed the minimum volume criteria for availing DPD (Direct Port Delivery) facility for all its ACP clients. All CHAs/clients & importer fraternity have welcomed this initiative, which would help them in saving crucial time and money.

I thank all our employees and other stakeholders for their contribution towards raising Rs 34,03,365/- towards Chief Minister's Relief Fund for the drought affected areas of Maharashtra, especially in Marathwada & Vidarbha.

Let us continue our endeavor in Swachh Bharat Abhiyan and Green Port initiatives, which were also appreciated by the Parliamentary Standing Committee during their visit to the port. My heartfelt congratulations to the entire team for winning the All India Major Ports Cultural Competition, held at Kandla.

We would be happy to gain your responses / feedback in the making of JNPT-a great place.

Best Regards,
Anil Diggikar

PERFORMANCE HIGHLIGHTS

JNPT handled 4.49 Million TEUs in 2015-16 which was the highest ever container traffic, since the inception of the port. The share of port owned container terminal JNPCT was 1.43 million TEUs, NSICT contributed 0.999 million TEUs, NSIGT share was 0.20 million TEUs and the remaining 1.86 million TEUs were contributed by M/s. APM Terminals. Port handled 63.82 million tonnes of total cargo, out of which containerized cargo constituted 56.58 million tonnes, liquid cargo was 6.50 million tonnes and 0.73 million tonnes constituted miscellaneous types of dry bulk cargo/break bulk cargo. Container Traffic at Shallow Water Berth increased to 107,288 TEUs from 72,308 TEUs in 2014-15.

The total traffic handled at Shallow Water Berth was 2.59 million tonnes as against 1.87 million tonnes with a growth of 38.66%. The Average Stay at Berth was reduced to 1.43 days (34.32 hrs) from 1.55 days (37.20 hrs) last year. The Average Turnaround Time was 1.71 days compared to 1.82 days last year. The Average Output per Ship Berth day increased to 26,080 tonnes from 23,980 tonnes last year.

JNPT announces Direct Port Delivery (DPD) to all ACP clientele

Shri Anil Diggikar, Chairman JNPT and Shri Neeraj Bansal, Dy. Chairman JNPT at the launch of DPD initiatives

JNPT has extended its Direct Port Delivery (DPD) facility to all its Accredited Client Programmer (ACP) clients, irrespective of their trade volume. Initially 10 to 14 agencies that fulfilled the criteria of importing 300 TEUs per month were availing DPD facility at the Port. By doing away with the minimum volume criteria, it will benefit around 143 ACP clients. This decision is in line with directives of the Ministry of Shipping related to policy of ease of doing business.

This facility shall benefit importers / CHA immensely as the import laden containers will be delivered to the consignees (in this case ACP clients) directly thereby reducing Logistics cost by one third. Extending DPD facility will ensure cost reduction to accredited CBEC importers /CHA, benefiting from declining gestation period of clearing cargo from total 10 to 11 days to 3 days. The port is making adequate arrangements in terms of yard and equipment for extending DPD to maximum ACP clients.

JNPT accommodates two vessels at a time – Breaks Record

On 13th February 2016, JNPT set a record for accommodating two vessels (namely MT Ginga Panther and MT Atlantic Polaris) at a time, having maximum combined total LoA of 342.10 meters by surpassing last year's records.

This achievement is a result of the constant endeavor of traffic department and Marine department of JNPT with co-operation from vessel master, to maximize utilisation of available infrastructure, helping to reduce the pre berthing detention of liquid cargo vessels.

MT Ginga Panther and MT Atlantic Polaris berthed at JNPT

Loading of Crude Oil breaks 3 year old record at JNPT

JNPT achieved another record when the Shipping Corporation of India's Crude Oil Tanker MT Maharshi Parashuram was loaded with 70,161.536 MT of ONGC's Mumbai Region for MRPL refinery (coastal movement). This is the highest quantity of crude oil loaded on a vessel during the last three financial years. It has set an example of synergies of resources of the public sector organisation in the development of nation. Moreover, with the availability of higher draught and infrastructure, JNPT is now the preferred destination for higher draught vessels.

MSC Francesca on arrival at JN Port

JNPT hosts MSC Francesca

It was a moment of pride at JNPT when the largest ship anchored at the DP World-operated Nhava Sheva (India) Gateway Terminal (NSIGT). The ship has a capacity of more than 11,000 TEUs and is the largest container ship ever to dock at JNPT. The record-setting call follows on the heels of JNPT upsizing the "length overall limit" for ships calling at the Nhava Sheva harbor to 370 meters (about 1,214 feet) from a previous level of 340 meters. To mark this great event, a ceremony was held with Indian Shipping Minister - Shri Nitin Gadkari, Port Chairman - Shri Anil Diggikar, Shri Anil Singh-Head of DP World Subcontinent and a number of trade and industry representatives. Speaking on this occasion, Shri Nitin Gadkari said, "Bringing such large and modern container vessels to Indian ports will provide economies of scale to shippers, resulting in substantial savings in terms of time and money on their shipments".

Trade Briefing For Maritime India Summit 2016

JNPT organised an event for a briefing on the Maritime India Summit 2016 on 15th March'16. In this event, Maritime Industry leaders and stakeholders were invited for the exchange of ideas and views to take the Indian Maritime industry ahead. The event was attended by who's who of the maritime industry both from India and abroad. Shri Anil Diggikar- Chairman of JNPT addressed the dignitaries. Shri Neeraj Bansal- Dy. Chairman of JNPT gave a detailed presentation on MIS 2016 and highlighted its main attractions at the event.

Swachh Bharat Abhiyaan being carried out at Port's township area

Swachh Bharat Mission

In February 2016, the cleanliness drive was taken in the Administration Building and also in the township area. The objective of the drive was to create awareness among the employees and the township residents. During the drive the upkeep and cleaning of offices including common areas, toilets, stairs, lifts and outside the office including pathways was carried out.

In the township the cleaning of gutters, unattended waste and removal of unnecessary vegetation and cleaning of township roads was carried out. Also throughout the mission, awareness about the cleanliness among the cleaning staff was communicated.

JNPT conducts Cancer screening camp

JNPT Hospital in association with Cancer Patients Aid Association (CPAA) conducted a Cancer Screening Camp on 19th and 20th March 2016 thereby spreading the awareness about precautionary measures among the cancer patients.

The camp consisted of the expert team from ENTs, Gen. Surgeons, Gynecologists, Physicians and Counsellors who conducted various preliminary tests & which benefited 221 cancer patients.
